PROJECTS

Personal Portfolio Website

React.js · Vite · Tailwind CSS · Framer Motion

Designed and developed a modern, responsive personal portfolio website showcasing projects, skills, and contact information. Implemented smooth scrolling, active navigation highlighting, dark/light theme switching, animated UI components, and mobile-friendly layouts to enhance user experience.

Modern Todo List Application

React.js · JavaScript · CSS · Local Storage

Built a feature-rich task management application with task creation, editing, deletion, completion tracking, category filtering, priority levels, due dates, statistics dashboard, drag-and-drop sorting, and persistent data storage using Local Storage. Added smooth animations and a modern user interface for better usability.

Interactive Quiz Application

React.js · JavaScript · CSS

Developed an interactive quiz application featuring multiple categories, score tracking, dynamic question rendering, dark/light mode support, responsive design, and an engaging user interface to improve the learning experience.
